

LED and Fiber Optic Lighting Systems for Architecture and Entertainment

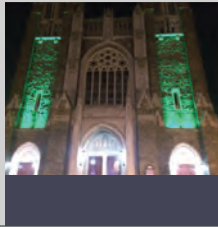

TPR Enterprises is a NY based manufacturer of LED and Fiber Optic Lighting and Controls. We have been in business for more than 30 years, and have completed thousands of projects from Broadway shows and Commercial Buildings to High End Residences. We collaborate and provide design/technical assistance to Architects, Engineers, Scenic Fabricators and Lighting Designers not only in the US, but globally. Whatever your project entails we will help make it a reality from the first design call to final programming. Support from coast to coast and beyond.
