

TPR P7 RGB WALL PAD DMX CONTROLLER (4 ZONE)

Description:

The **TPR P7 (RGB) touch DMX controller** is a DMX wall pad for Architectural lighting control. It has pre-set functions or can be assigned solid colors by the user. There is also a color dial for addressing colors and Blackout on/off button. Additionally, there is a single user assignable save button. See operating instructions for all features. Its sleek design and ease of use make it an ideal controller for smaller RGB projects.
